

INDUSTRIAL SOLUTIONS LTD (ISL) - PERFORMANCE EVALUATION POLICY

Section 1: Purpose & Objectives

The purpose of this performance evaluation policy is to establish a transparent, objective, and structured framework for assessing employee performance, identifying growth opportunities, and aligning individual contributions with organizational goals.

Section 2: Evaluation Guidelines & Key Metrics

1. Frequency: Evaluations are conducted bi-annually (Mid-Year Review in June and Annual Review in December).

2. Core Metrics (KPIs):

- Task Completion & Quality: 40% weightage based on deliverables and project milestones.
- Technical Competence: 25% weightage based on coding standards, system optimization, and technical problem-solving.
- Collaboration & Teamwork: 20% weightage based on cross-departmental communication and support.
- Punctuality & Compliance: 15% weightage based on shift timings, attendance records, and adherence to company policies.

Section 3: Rating Scale

- Level 5 (Exceptional): Consistently exceeds expectations, demonstrates leadership, and delivers advanced solutions.
- Level 4 (Meets Expectations): Reliably meets all core responsibilities and project deadlines.
- Level 3 (Needs Improvement): Meets some targets but requires targeted skill development and closer supervision.
- Level 2 (Unsatisfactory): Fails to meet core performance standards; triggers a formal 30-day performance improvement plan (PIP).

Section 4: Appeals & Review Process

If an employee disagrees with their evaluation score, they have the right to submit a formal recheck application to the department head or HR within 5 business days of the evaluation release.
